

# My City: 2017 Budget Facilities

Fig.1: Budget Location and City Department

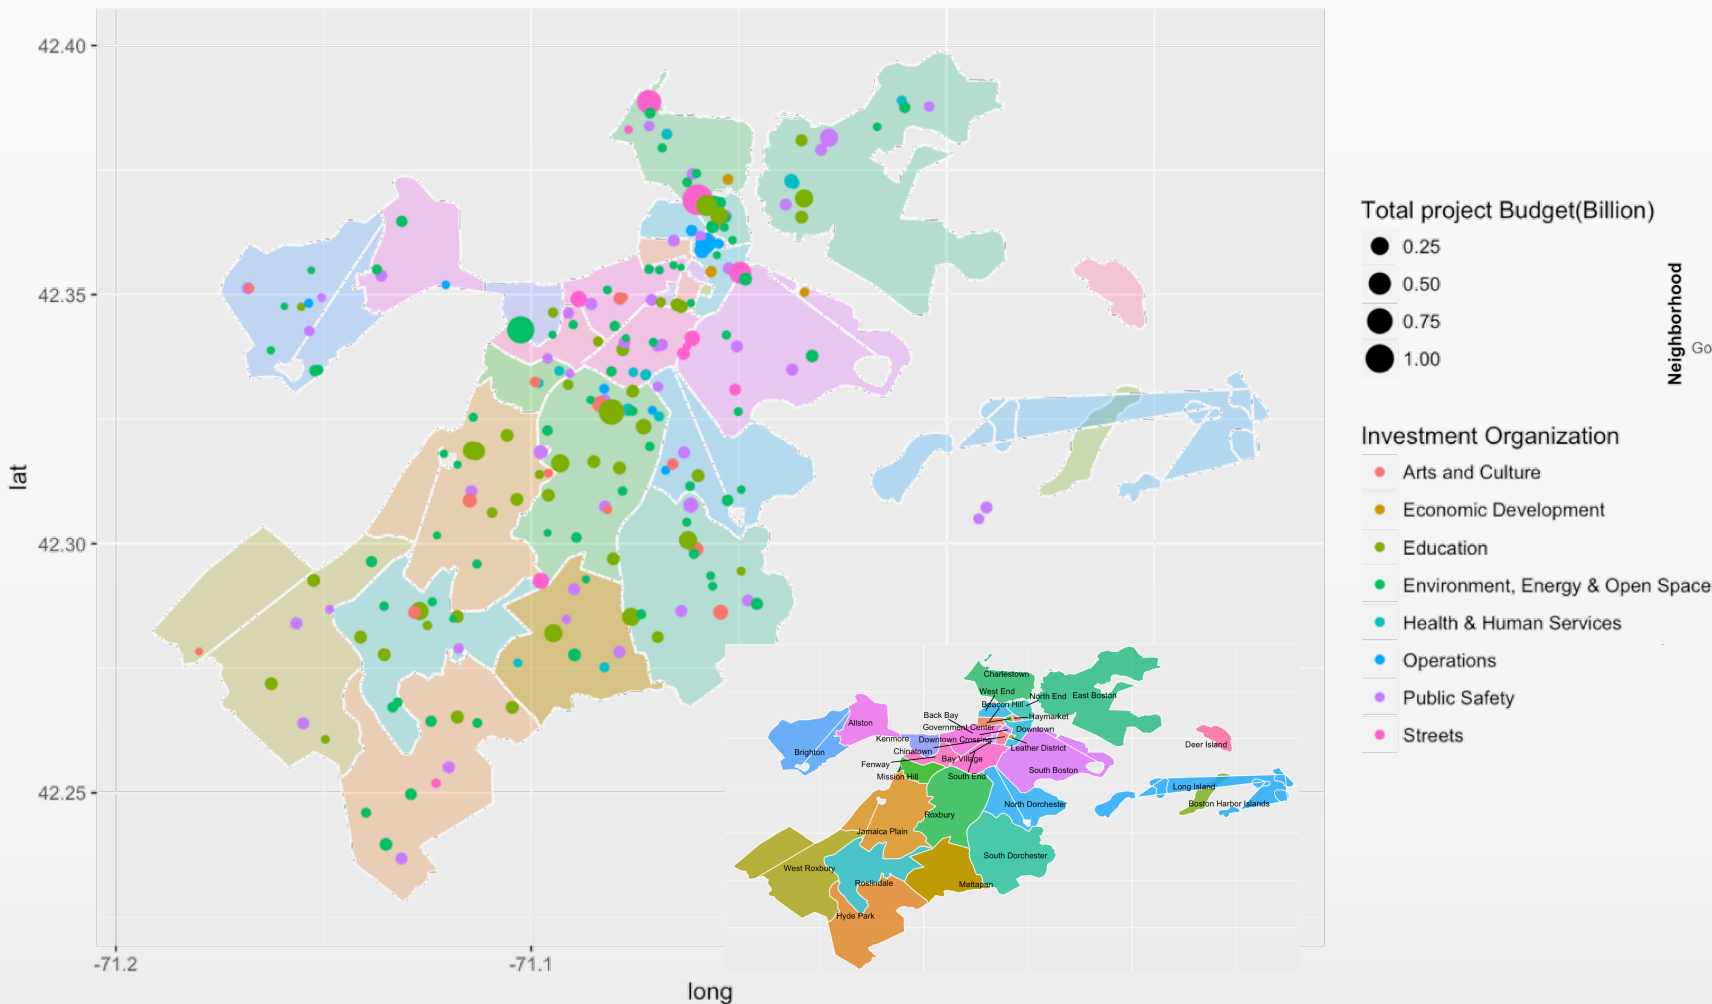

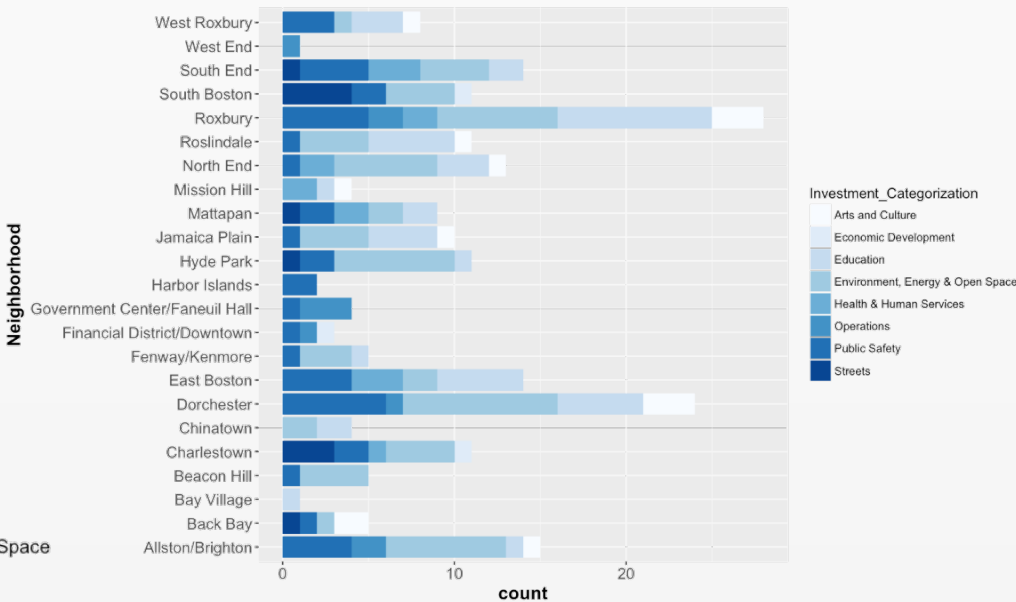

Fig.3: Neighborhood VS. Investment Organization

From Fig.3, it is easy to find:

- Most of projects are located in Roxbury and Dorchester
- The Public Safety projects are concentrated on Roxbury, Dorchester and BackBay
- The Streets projects are concentrated on South Boston and Charlestown
- There are many Environment projects located around the Boston

There are total 213 projects have been proposed. From Fig.1, there are some findings:

1. All the projects are located around the Boston evenly
2. Education projects and Streets projects are with larger budget
3. There is large Environment project located in Kenmore
4. Number of Arts and Culture projects are less than other type of projects
5. Streets projects are concentrating on the Downtown Boston, and two large Streets Projects will build in Charlestown
6. There is no projects would be built in islands
